With the support of:

The CEEX Programme

www.mct-excelenta.ro

Introduction

The Conference is dedicated to the specialists from the analysis and testing laboratories in many fields (aggregates, chemistry, construction materials, electrical engineering, environmental, food and feed, mechanics, metallurgy, microbiology, petrochemistry, physics of lasers, plasma and radiation, plastics, soils, textiles and so on). It is an opportunity to promote discussions and an exchange of opinions between interested parties (institutes of higher education, research institutes, testing laboratories, accreditation and standardisation bodies, national authorities, manufacturers, end users of products and services). The Conference represents an important meeting for those who are interested to share and disseminate their experience, knowledge and innovative ideas.

Themes

- * Proficiency testing schemes (PTS)
- * Reference materials (RM)
- * Validation of testing methods (VTM)
- * Uncertainty of measurement (UM)
- * Metrology and traceability (MT)
- * Standardisation (St)
- * Research, development and education in the laboratory activity (RDE)
- * Accreditation, Quality management in testing laboratories (AQM)
- * Conformity assessment (CA)

Venue

The Conference will be held from 11th to 13th October, 2007 in Sinaia at The International Convention Centre (The Sinaia Casino, www.casino-sinaia.ro). The town of Sinaia is situated in an awe-inspiring mountainous region at the foothills of the Bucegi Mountains, along the Prahova Valley, being one of the oldest and famous Romanian resort, also known as "the Pearl of the Carpathians". The Sinaia Casino was inaugurated in 1913 as a replica of Monte Carlo's Casino and its architectural elements are breathing an aristocratic air which is still overflowing over the whole resort.
